

**Model Agreement of Gross Metering Arrangement**

This Agreement is made and entered into on this [date] day of [month], [year], at [location], between the Prosumer identified below, hereinafter referred to as the "Prosumer," and the Distribution Licensee identified below, hereinafter referred to as the "Licensee."

**I. Parties**

**(1) The Prosumer**

Name:  
Address:  
Consumer ID:

**(2) The Licensee**

Name:  
Address:

**2. Background**

Whereas the prosumer having contract demand or sanctioned load of [in kW/kVA] has applied to the Licensee for approval of a Gross Metering arrangement under the provisions of the West Bengal Electricity Regulatory Commission (Grid Interactive Rooftop Solar Photovoltaic System for Prosumers) Regulations, 2025 ("Grid Interactive Rooftop Solar Photovoltaic Regulations") and sought permission to inject entire solar power from its Grid Interactive Rooftop Solar Photovoltaic System of [capacity in kilowatt] to the Licensee's distribution Network;

Whereas the Licensee has agreed to allow the injection of energy generated from the Grid Interactive Rooftop Solar Photovoltaic System of [capacity in kilowatt] of the prosumer;

**3. Agreement**

The Parties hereby agree as follows:

- (1) The prosumer shall fulfill the eligibility criteria specified in the West Bengal Electricity Regulatory Commission (Grid Interactive Rooftop Solar Photovoltaic System for Prosumers) Regulations, 2025.
- (2) The Distribution Licensee shall provide Interconnection of Grid Interactive Rooftop Solar Photovoltaic Systems of prosumers as per Central Electricity Authority (Technical Standards for Connectivity of the Distributed Generation Resources) Regulations, 2013 as amended from time to time.
- (3) The prosumer shall maintain standards for Grid Interactive Rooftop Solar Photovoltaic Systems as per Central Electricity Authority (Technical Standards for Connectivity of the Distributed Generation Resources) Regulations, 2013 as amended from time to time.
- (4) The Licensee shall provide Metering of the Grid Interactive Rooftop Solar Photovoltaic System of the prosumer / the prosumer may provide meters as per Central Electricity Authority (Installation and Operation of Meters), Regulations 2006 as amended from time to time.

- (5) The prosumer shall ensure that the Grid Interactive Rooftop Solar Photovoltaic System complies with Central Electricity Authority (Measures Relating to Safety and Electricity Supply) Regulations, 2023 as amended from time to time.
- (6) The prosumer shall obtain any statutory approvals and clearances that may be required under any statute or regulation framed thereunder, before connecting the Rooftop Solar PV System to the distribution Network.
- (7) This Agreement shall be valid for.....years from the date of signing but may be terminated prematurely by prosumer giving 90 (ninety) days' notice.
- (8) The Licensee may terminate this agreement by giving 30 days' notice, if the prosumer breaches any terms of this Agreement or the provisions of the West Bengal Electricity Regulatory Commission (Grid Interactive Rooftop Solar Photovoltaic System for Prosumers) Regulations, 2025 and does not remedy such breach within 30 days, or such other reasonable period as may be provided, of receiving notice of such breach, or for any other valid reason communicated by the Licensee in writing.
- (9) Licensee may terminate this agreement by giving 30 days' notice if the prosumer fails to pay dues in a timely manner or indulges in any malpractices. Such right of termination shall be without prejudice to the Licensee's statutory right of disconnection of the supply in the event of - a) theft of electricity by the Prosumer; or b) failure to maintain the required Security Deposit by the Prosumer.
- (10) The agreement stands terminated as and when the consumer status ceases to exist or there is a change of ownership of the premises where the Solar PV system is installed or even otherwise if the consumer relocates to a different premises.
- (11) The prosumer shall provide access to the Licensee to the metering equipment and disconnecting devices of Grid Interactive Rooftop Solar Photovoltaic System.
- (12) If, in an emergent or outage situation, the Licensee cannot access the disconnecting devices of the Grid Interactive Rooftop Solar Photovoltaic System it may disconnect the power supply to the premises.
- (13) The commercial settlements under this Agreement shall be in accordance with the West Bengal Electricity Regulatory Commission (Grid Interactive Rooftop Solar Photovoltaic System for Prosumers) Regulations, 2025.

*Illustration of Gross Metering:*

*Amount to be billed to a Gross Metering prosumer shall be*

$$N_{gross} = \{(B_{con} - B_{gen}) - B_{bf}\}$$

*Where,*

*$N_{gross}$  = Amount to be billed to a Gross Metering prosumer*

*$B_{con}$  = (Energy consumed (in kWh) by a consumer during the billing period) x applicable retail tariff (in Rs. /kWh) including MVCA, if any;*

*$B_{gen}$  = (Energy generated (in kWh)) by Grid Interactive Rooftop Solar Photovoltaic of prosumer during the billing period) x feed-in tariff (\_\_\_ Rs. /kWh);*

*$B_{bf}$  = Billing credit (in Rs.) brought forward from the previous billing period.*

*In case  $B_{con} < (B_{gen} + B_{bf})$  then  $N_{gross} = 0$ , and the billing credit (in Rs) of  $(B_{gen} + B_{bf} - B_{con})$  shall be carried forward to the next billing cycle*

- (14) The prosumer shall bear all costs related to the setting up of the Grid Interactive Rooftop Solar Photovoltaic System, including the cost of necessary Meters. The Prosumer shall be liable to bear all the applicable regulatory charges and costs associated with energy supply and settlement for the Rooftop Solar Photovoltaic System established.

- (15) All disputes arising out of and/or touching and/or concerning the agreement, including the respective rights and remedies of the parties, shall be referred to the concerned Grievance Redressal Officer of the Licensee who shall settle the disputes in accordance with the provisions of West Bengal Electricity Regulatory Commission (Guidelines for Establishment of Forum for Redressal of Grievances of Consumers and Time and Manner of Dealing with such Grievances by the Ombudsman) Regulations, 2013.
- (16) The Licensee shall not be liable in any manner whatsoever for disconnection of the Solar PV system from the grid when such disconnection has been occasioned by - a) emergent or periodic repairs required to be carried out by the Licensee in respect of its Works; or b) any breach and/or default committed by the Prosumer of the terms of these presents or any statutory provisions; c) conditions of Force Majeure or any other reason beyond the control of the Licensee.
