TOD

Avail of Time-of-the-Day Tariff and save on electricity bill

As a consumer in our licensed area, you can benefit by opting for Time-of-the-Day (TOD) Tariff. Energy charges are different for the three time zones in a day.

Time Zones	For LT Private Educational Institutions & Hospitals, HT Public Utility, HT Public Water Works and Sewerage, Pumping Station under local authority	For others
Normal	0600-1700 hrs] 2000-2300 hrs]	0600-1700 hrs
Peak	1700-2000 hrs	1700-2300 hrs
Off-peak	2300-0600 hrs	2300-0600 hrs

By shifting load from one time zone (when tariff is higher) to another time zone, you may substantially reduce your electricity bill.

Categories of consumers who can opt for TOD Tariff Scheme :

- LT Commercial and LT Industrial – having 30 KVA minimum load
- LT Private Educational Institutions and Hospitals
- HT & LT Bulk Supply at single point to co-op group housing society
- HT Commercial (below 33 KV) and Industrial
- HT Cold Storage or Dairy with chilling plant
- HT Public Utility
- HT Public Water Works & Sewerage, Pumping Station under local authority
- HT Private Educational Institution
